Bardiya can be an enjoyable wild country to explore, enriched with various species of mammals and exotic birdlife. It is located in Nepal's far south mid-western Terai, east of the great Karnali River and the fertile Babai River Valley. Besides, the exciting exotic wildlife safaris on an elephant or enjoying the Jeep Jungle safari, the other attraction of Bardiya is to explore and experience the local immense and impressive cultures of native Tharu. You will be observing their colorful custom as they were preserved for many past centuries, surviving and living in the dense jungles.
